Acid Splash

Cantrip | CONJ
Casting Time: 1 action
Range: 60 feet
Components: V, S
Duration: Instantaneous

You hurl a bubble of acid. Choose one creature within range, or choose two creatures within range that are within 5 feet of each other. A target must succeed on a dexterity saving throw or take 1d6 acid damage.
This spell's damage increases by 1d6 when you reach 5th level (2d6), 11th level (3d6), and 17th level (4d6).

Chill Touch

Cantrip | NEC
Casting Time: 1 action
Range: 120 feet
Components: V, S
Duration: 1 round

You create a ghostly, skeletal hand in the space of a creature within range. Make a ranged spell attack against the creature to assail it with the chill of the grave. On a hit, the target takes 1d8 necrotic damage, and it can't regain hit points until the start of your next turn. Until then, the hand clings to the target.
If you hit an undead target, it also has disadvantage on attack rolls against you until the end of your next turn.
This spell's damage increases by 1d8 when you reach 5th level (2d8), 11th level (3d8), and 17th level (4d8).

Dancing Lights

Cantrip | EVO | ©
Casting Time: 1 action
Range: 120 feet
Components: V, S, M (A bit of phosphorus or wychwood, or a glowworm.)
Duration: Up to 1 minute

You create up to four torch-sized lights within range, making them appear as torches, lanterns, or glowing orbs that hover in the air for the duration. You can also combine the four lights into one glowing vaguely humanoid form of Medium size. Whichever form you choose, each light sheds dim light in a 10-foot radius.
As a bonus action on your turn, you can move the lights up to 60 feet to a new spot within range. A light must be within 20 feet of another light created by this spell, and a light winks out if it exceeds the spell's range.

Minor Illusion

Cantrip | ILL
Casting Time: 1 action
Range: 30 feet
Components: S, M (A bit of fleece.)
Duration: 1 minute

You create a sound or an image of an object within range that lasts for the duration. The illusion also ends if you dismiss it as an action or cast this spell again.
If you create a sound, its volume can range from a whisper to a scream. It can be your voice, someone else's voice, a lion's roar, a beating of drums, or any other sound you choose. The sound continues unabated throughout the duration, or you can make discrete sounds at different times before the spell ends.
If you create an image of an object--such as a chair, muddy footprints, or a small chest--it must be no larger than a 5-foot cube. The image can't create sound, light, smell, or any other sensory effect. Physical interaction with the image reveals it to be an illusion, because things can pass through it.
If a creature uses its action to examine the sound or image, the creature can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the illusion becomes faint to the creature.

CONJ Conjuration NEC Necromancy EVO Evocation © Concentration ILL Illusion

Grease

1st-level | CONJ
Casting Time: 1 action
Range: 60 feet
Components: V, S, M (A bit of pork rind or butter.)
Duration: 1 minute

Slick grease covers the ground in a 10-foot square centered on a point within range and turns it into difficult terrain for the duration.
When the grease appears, each creature standing in its area must succeed on a dexterity saving throw or fall prone. A creature that enters the area or ends its turn there must also succeed on a dexterity saving throw or fall prone.

Illusory Script

1st-level | ILL | R
Casting Time: 1 minute
Range: Touch
Components: S, M (A lead-based ink worth at least 10gp, which this spell consumes.)
Duration: 10 days

You write on parchment, paper, or some other suitable writing material and imbue it with a potent illusion that lasts for the duration.
To you and any creatures you designate when you cast the spell, the writing appears normal, written in your hand, and conveys whatever meaning you intended when you wrote the text. To all others, the writing appears as if it were written in an unknown or magical script that is unintelligible. Alternatively, you can cause the writing to appear to be an entirely different message, written in a different hand and language, though the language must be one you know.
Should the spell be dispelled, the original script and the illusion both disappear.
A creature with truesight can read the hidden message.

Longstrider

1st-level | TRAN
Casting Time: 1 action
Range: Touch
Components: V, S, M (A pinch of dirt.)
Duration: 1 hour

You touch a creature. The target's speed increases by 10 feet until the spell ends.

At Higher Levels:
When you cast this spell using a spell slot of 2nd level or higher, you can target one additional creature for each spell slot above 1st.

Mage Armor

1st-level | ABJ
Casting Time: 1 action
Range: Touch
Components: V, S, M (A piece of cured leather.)
Duration: 8 hours

You touch a willing creature who isn't wearing armor, and a protective magical force surrounds it until the spell ends. The target's base AC becomes 13 + its Dexterity modifier. The spell ends if the target dons armor or if you dismiss the spell as an action.

CONJ Conjuration ILL Illusion R Ritual TRAN Transmutation ABJ Abjuration

Silent Image

1st-level | ILL | ©
Casting Time: 1 action
Range: 60 feet
Components: V, S, M (A bit of fleece.)
Duration: Up to 10 minutes

You create the image of an object, a creature, or some other visible phenomenon that is no larger than a 15-foot cube. The image appears at a spot within range and lasts for the duration. The image is purely visual; it isn't accompanied by sound, smell, or other sensory effects.
You can use your action to cause the image to move to any spot within range. As the image changes location, you can alter its appearance so that its movements appear natural for the image. For example, if you create an image of a creature and move it, you can alter the image so that it appears to be walking.
Physical interaction with the image reveals it to be an illusion, because things can pass through it. A creature that uses its action to examine the image can determine that it is an illusion with a successful Intelligence (Investigation) check against your spell save DC. If a creature discerns the illusion for what it is, the creature can see through the image.

Magic Mouth

2nd-level | ILL | R
Casting Time: 1 minute
Range: 30 feet
Components: V, S, M (A honeycomb and jade dust of at least 10 inches, the spell consumes.)
Duration: Until dispelled

You plant a message to an object in the range of the spell. The message is verbalized when the trigger conditions are met. Choose an object that you see, and that is not worn or carried by another creature. Then say the message, which should not exceed 25 words but listening can take up to 10 minutes. Finally, establish the circumstances that trigger the spell to deliver your message.
When these conditions are satisfied, a magical mouth appears on the object and it articulates the message imitating your voice, the same tone used during implantation of the message. If the selected object has a mouth or something that approaches such as the mouth of a statue, the magic mouth come alive at this point, giving the illusion that the words come from the mouth of the object.
When you cast this spell, you may decide that the spell ends when the message is delivered or it can persist and repeat the message whenever circumstances occur.
The triggering circumstance can be as general or as detailed as you like, though it must be based on visual or audible conditions that occur within 30 feet of the object. For example, you could instruct the mouth to speak when any creature moves within 30 feet of the object or when a silver bell rings within 30 feet of it.

Tiny Hut

3rd-level | EVO | R
Casting Time: 1 minute
Range: Self
Components: V, S, M (A small crystal bead.)
Duration: 8 hours

A 10-foot-radius immobile dome of force springs into existence around and above you and remains stationary for the duration. The spell ends if you leave its area.
Nine creatures of Medium size or smaller can fit inside the dome with you. The spell fails if its area includes a larger creature or more than nine creatures. Creatures and objects within the dome when you cast this spell can move through it freely. All other creatures and objects are barred from passing through it. Spells and other magical effects can't extend through the dome or be cast through it. The atmosphere inside the space is comfortable and dry, regardless of the weather outside.
Until the spell ends, you can command the interior to become dimly lit or dark. The dome is opaque from the outside, of any color you choose, but it is transparent from the inside.

Faithful Hound

4th-level | CONJ
Casting Time: 1 action
Range: 30 feet
Components: V, S, M (A tiny silver whistle, a piece of bone, and a thread)
Duration: 8 hours

You conjure a phantom watchdog in an unoccupied space that you can see within range, where it remains for the duration, until you dismiss it as an action, or until you move more than 100 feet away from it. The hound is invisible to all creatures except you and can't be harmed. When a Small or larger creature comes within 30 feet of it without first speaking the password that you specify when you cast this spell, the hound starts barking loudly. The hound sees invisible creatures and can see into the Ethereal Plane. It ignores illusions.
At the start of each of your turns, the hound attempts to bite one creature within 5 feet of it that is hostile to you. The hound's attack bonus is equal to your spellcasting ability modifier + your proficiency bonus. On a hit, it deals 4d8 piercing damage.

ILL Illusion © Concentration R Ritual EVO Evocation CONJ Conjuration

Phantasmal Killer

4th-level | ILL | ©
Casting Time: 1 action
Range: 120 feet
Components: V, S
Duration: Up to 1 minute

You tap into the nightmares of a creature you can see within range and create an illusory manifestation of its deepest fears, visible only to that creature. The target must make a wisdom saving throw. On a failed save, the target becomes frightened for the duration. At the start of each of the target's turns before the spell ends, the target must succeed on a wisdom saving throw or take 4d10 psychic damage. On a successful save, the spell ends.

At Higher Levels:
When you cast this spell using a spell slot of 5th level or higher, the damage increases by 1d10 for each slot level above 4th.

Wall of Fire

4th-level | EVO | ©
Casting Time: 1 action
Range: 120 feet
Components: V, S, M (A small piece of phosphorus.)
Duration: Up to 1 minute

You create a wall of fire on a solid surface within range. You can make the wall up to 60 feet long, 20 feet high, and 1 foot thick, or a ringed wall up to 20 feet in diameter, 20 feet high, and 1 foot thick. The wall is opaque and lasts for the duration.
When the wall appears, each creature within its area must make a Dexterity saving throw. On a failed save, a creature takes 5d8 fire damage, or half as much damage on a successful save.
One side of the wall, selected by you when you cast this spell, deals 5d8 fire damage to each creature that ends its turn within 10 feet o f that side or inside the wall. A creature takes the same damage when it enters the wall for the first time on a turn or ends its turn there. The other side of the wall deals no damage.
The other side of the wall deals no damage.

At Higher Levels:
When you cast this spell using a spell slot of 5th level or higher, the damage increases by 1d8 for each slot level above 4th.

Legend Lore

5th-level | DIV
Casting Time: 10 minutes
Range: Self
Components: V, S, M (Incense worth at least 250 gp, which the spell consumes, and four ivory strips worth at least 50 gp each.)
Duration: Instantaneous

Name or describe a person, place, or object. The spell brings to your mind a brief summary of the significant lore about the thing you named. The lore might consist of current tales, forgotten stories, or even secret lore that has never been widely known. If the thing you named isn't of legendary importance, you gain no information. The more information you already have about the thing, the more precise and detailed the information you receive is.
The information you learn is accurate but might be couched in figurative language. For example, if you have a mysterious magic axe on hand the spell might yield this information: "Woe to the evildoer whose hand touches the axe, for even the haft slices the hand of the evil ones. Only a true Child of Stone, lover and beloved of Moradin, may awaken the true powers of the axe, and only with the sacred word *Rudnogg* on the lips."
